Through a combination of foresight and luck, we are pleased to be able to offer the following selection of covers. Obviously, many of these covers are in very limited supply, but all are in the finest available condition, each bearing a historically pertinent cachet on the left side of the envelope. T'S TIME FOR SOME DOWN TO ARTH WORDS ABOUT RARE OIN INVESTMENTS

ddenly everyone seems to be selling rare coin as ivestments. And diamonds, art prints, etc. This is ne. But as the West's leading coin dealer for three enerations (almost half a century), we believe we an offer you much more than the Johnny come telies.

uperior's staff of expert professional numismatists ave earned the respect of collectors, investors and eir peers throughout the industry in virtually ery area of specialization . . . ancient coins, orld issues, United States rare coins and currency, al. **We have helped assemble some of the most nportant collections in America . . . and are ready use these same resources in building your collec-on / investment portfolio, no matter what your udget is.**

ur philosophy is simple. Stay away from anything ther than time-tested coins with a proven track cord and a consistent history of being in demand. e will choose only those coins that collectors will ventually want when the time comes for you to ll. **And this leads us to suggest our new Brilliant ncirculated Silver Dollar Acquisition Program.**

Why Silver Dollars

he large United States Silver Dollars, not minted nce the 1930's, are the most popular coins with ollectors, investors, and even the general public ho used to enjoy giving them away as present . . . hen they still could be purchased from banks for paper dollar! Each Silver Dollar contains 416 rams of pure silver, giving it a high intrinsic value. he Morgan Silver Dollars, minted from 1878 to 921, and the Peace Silver Dollars, produced from 921 to 1935 are all beautiful coins . . . particular- the Brilliant Uncirculated specimens which we rongly recommend for purchase.

astly, and perhaps most important, silver dollar intages have felt the ravages of time. Under the ttman Act of 1918, over 270 million Morgan ilver Dollars were melted by the government! **ewer than 1 in 100 of those originally made have rvived in the Brilliant Uncirculated condition iat most collectors prize.**

ilver Dollars have shown amazing price apprecia-on, tripling in the past five years, with increases enerally of 50% to 300% just in the last twelve onths.

hile past performance cannot give assurance of uture trends, we strongly feel that Silver Dollars as whole will continue to pace the numismatic arket. And we are not alone.

n recent years, considerable serious research has elved into the Silver Dollar field. Out of such tudies has emerged expert estimates of how many f the Silver Dollars minted 50 to 100 years ago ave survived in Brilliant Uncirculated quality.

According to the findings of one researcher, Les Fox, perhaps as few as 2.5 million Morgan Dollars and less than a million Peace Dollars are extant in Choice Brilliant Uncirculated condition. By dividing the 2.5 million Morgan Dollars into the 98 different dates and mint-marks, one determines that the average number of choice pieces available per date is a miniscule 25,000! Similarly, for the short-lived Peace Dollar series, there is an estimated average of only 40,000 choice coins per date!

Is there any wonder then, that researcher Fox predicts across the board increases of over 200% in the next decade for choice Morgan Dollars, and over 400% for the Peace Dollars. Individual coins in both series carry projected price increases of as much as 1000% in just the next ten years!

Actually, based on recent market activity and world economic conditions we believe that these projections may prove to be on the conservative side.

THIS IS AN EXCLUSIVE OFFER!

Because we want to give our clients the individual time and service that they deserve, we are offering this Silver Dollar Acquisition Program only to our past customers and friends . . . readers of our popular publication "Money Talks," bidders at our record setting auction sales, etc. No more than 100 applicants will be accepted so that we can maintain the Superior standard. The staff of Superior will do everything in their power to insure your complete satisfaction. Otherwise we wouldn't deserve your business.

Your Silver Dollar selections will be carefully balanced to create a diversified investment portfolio that will optimize your chances for appreciation of at least 20% per annum . . . or 40% or possibly more. And it doesn't matter whether you sign up for $100 per month or $1000 . . . you will still be treated as though you were a Rothschild. (By the way, it is worth noting that the Rothschild fortune was founded on trading in rare coins.)

All coins are subject to your approval, and you may cancel the program at any time.

Important Information Regarding Superior's Silver Dollar Acquisiton Program

How does the Superior Silver Dollar Acquisiton Program work?

It is really quite simple. First you decide how much you wish to invest each month . . . or perhaps you would prefer a single "lump sum" portfolio. Note that this amount can be changed whenever you wish, or the program can be cancelled. There are no contracts.

We will ship your first Silver Dollar selections immediately. If you wish you may charge your purchases on any major credit card, otherwise please send numismatic and banking references, and we will establish credit for you as quickly as possible.

Your personal numismatic consultant then takes over. You might receive a single rarity, or a few. Perhaps a full roll of 20 glittering Brilliant Uncirculated Silver Dollars. It will be something different each time . . . chosen just for your diversified Silver Dollar portfolio. Every coin will be a beautiful Brilliant Uncirculated specimen and will be shipped via registered first class mail.

Should you have any questions or comments about your Silver Dollars, you are invited to call or write to your Superior advisor. We promise a speedy reply. Of course, any coins that you do not wish to keep for any reason, may be returned within two weeks for an alternate selection or full refund.

Please keep in mind that Superior is not just another rare coin investment firm. Remember our nearly half century of service . . . our staff of internationally recognized experts . . . our reputation. We are proud to hold active memberships in the Professional Numismatists Guild, American Numismatic Society, International Association of Professional Numismatists, and numerous regional and specialized organizations.

We look forward to being of further service in all of your hobby and investment needs.

Yes, I want to avail myself of Superior's new diversified Brilliant Uncirculated Silver Dollar Acquisition Program. I understand that only the first 100 applicants will be accepted for this personalized service.

Official 1964 Tokyo Olympic Seals

There are 6 sheets of 20 different seals in this set. Each sheet is printed in a different color. These seals were commissioned by the International Olympic Committee for the 1964 Olympics. A German artist, living in Japan was given the design commission. The Japanese were outraged that the contract was given to a non-Japanese and they delayed production of the seals until it was too late to distribute them. Very few sets got out to the public making this set - ONE OF THE SCARCEST OF MODERN OLYMPIC ISSUES. We have purchased a limited quantity of these 6 sheets from the artist. We strongly urge your prompt order as every Olympic, Sports and Japanese collector throughout the world will clamor for one of these sets. Naturally all are in fine, mint, n.h. condition.

Order No. 04—129
Special — per one set (6 sheets) — $5.95
Per 10 sets — $49.95

900 British Boer War Fund

his pink and blue sheet of propaganda seal is the ost unusual we have ever seen. For one thing, ch seal has a face value of ONE PENNY. Rarely ever, do seals have a "face value". We know that is penny was for the Boer War since each seal pic- res a soldier and a sailor and is inscribed "War und." The seals were issued by the Manchester ilatelic Society obviously as part of the war ef- rt. We just acquired a number of these sheets om the estate of an Englishman. All are in pris- ne never hinged condition and were obviously put vay by him in 1900. This is a great opportunity acquire a true philatelic and historical rarity.

JST DISCOVERED IN THE OLY LAND

00 YEAR OLD GOLD COINS OF ULEIMAN THE MAGNIFICENT . . . EBUILDER OF JERUSALEM. FFERED HERE FOR THE FIRST TIME T SPECIAL LOW "HOARD PRICES"

The Moslems, like the ancient Jews, forbade he use of images in art . . . and therefore on their oins. Thus the coin inscriptions themselves, in eautiful calligraphy were both informative and eautiful. Arabic, like Hebrew, is written from right to left. Because certain characters may or may not be joined to their neighbors according to complex rules, and the fact that there are no capital forms of letters, the reading of these inscriptions is difficult to Western eyes. But no one can doubt their great artistry!

The Arab language did more than decorate their coins. When in the 7th and 8th centuries A.D., the Arab armies conquered territories stretching from the shores of the Atlantic (Spain) to Sind (Pakistan), they brought to the conquered peoples a unifying new religion . . . and a new language. The Arabic language was a principal factor in uniting these peoples, who otherwise differed widely in race, language and culture.

On a recent trip to the Holy Land, we were most fortunate in obtaining a small hoard of high quality gold coins minted in the Middle East by one of its most famous rulers — Suleiman the Magnificent (1520 - 1566). These gold coins, grading Very Fine or better, are about the diameter of a U.S. $2½ Gold Coin . . . but even though they are over 400 years old they are still priced at less than the U. S. Quarter Eagle!

Suleiman the Magnificent is particularly remembered because of his improvements to the Holy City of Jerusalem. Jerusalem had been wrested from the Arabs by the Ottoman Turks in 1517. It was made a province of the Ottoman Empire and remained as such up to World War I. Suleiman increased Jerusalem's supply of drinking water by repairing the aqueducts and erecting fountains. He overhauled the fortifications of the much fought-over city; the present wall together with the Damascus Gate and the famous Tower of David date from his rule. And Suleiman had the exterior walls of the Dome of the Rock decorated with marble and mosaics. His was virtually the only administration that made contributions to the Holy Land in the 400 year history of Turkish occupation!

The gold coins of Suleiman the Magnificent offer a unique combination of precious metal and historical importance. That they are still under-priced in today's hectic numismatic marketplace goes without saying. Here's your opportunity to acquire one or more at a very special "hoard price." But don't wait . . . judging from our past offers of hoard coins, these will sell out quickly at just $225 each or three for only $600.
